What makes our caravans special? The sum of many details.

WEINSBERG DNA. Sounds powerful, it is. Thanks to the passion and experience of our employees (many of them themselves enthusiastic campers) we know what is important „out there“. That is why WEINSBERG caravan competence is in the smallest screw as well as in the large storage space. Caravan competence is not always visible. But it is noticeable on every journey.

The stain protection coating resists red wine, pasta sauce and co.

Comfort and health.

As a dedicated carpenter, I am proud that we work at WEINSBERG of course with an elaborate full-body construction and a precisely fitting dovelling technology.

Ventilated furniture. Crucial for a comfortable and healthy room climate.

WEINSBERG works only with the best suppliers. Especially for caravans the driving comfort is decisive. Therefore we use among others AL-KO chassis which have the best trailing properties [depending on the layout].

Sturdy surfaces. Developed to withstand intense use.

Pellucid arguments.

Camping is about being cosy. That's why we give attention to small and large details during planning that make camper life so much more enjoyable. LED lighting in the garage and above the outside entrance door is just one example of many.

An aerial photograph of a coastal area. The top half of the image shows the ocean with white foam from breaking waves washing onto a pebbly beach. Below the beach is a sandy area with several large, rounded, green bushes. At the bottom of the frame, a silver car is parked next to a white caravan. A white arrow points from the text below towards the caravan.

TIME FOR SUN, ICE CREAM AND SEA.

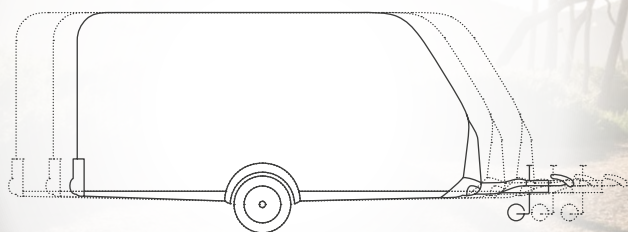

Building sandcastles, playing ball games at the campsite, swimming, snorkelling and going on exciting excursions. This is how I remember the family holidays of my childhood. For Livia and Marlene we would like to create just the same beautiful experiences. That's why we bought the CaraOne which is specially tailored to the needs of families. And for me it's proof that good and affordable doesn't have to be a contradiction in terms.

Let's go to Istria!

FAMILY HOLIDAYS -
THAT'S WHAT I LIKE

Even the journey to our destination is wonderfully relaxed, the CaraOne can be easily navigated on the roads. I already know that this will be a brilliant holiday. Eventful, real and with the whole family. When arrived, we first have a breather and a snack.

Always suitable due to different body lengths and widths.

REDUCTION TO THE ESSENTIAL.

WITH STYLE.

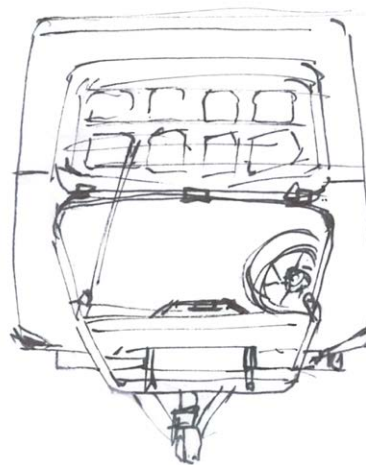

With the CaraCito we wanted to create a caravan that is completely new in this price range and appeals especially to young, style-conscious people and families. In the early development phase the concept was designed „consistently different“. Under this maxim we have taken all further development steps to create a caravan that the world has never seen before. A caravan that is „consistently different“ and yet immediately recognisable as WEINSBERG.

YOU HAVE TO SET YOUR GOALS HIGH
TO CREATE SOMETHING EXTRAORDINARY.

In the development of the CaraCito we have set ourselves a few cornerstones in advance. Firstly, the cost aspect, a challenge that particularly appealed to us: to create a low-cost caravan without compromising on quality. Then there is the topic of „young living“ and the associated conscious reduction to the essentials. And of course - quite spectacular - the all-electric equipment: a caravan model series that completely dispenses with gas as standard.

*Consistently modern.
Consistently different.
Consistently electric.*

The CaraCito is consistently different. This starts with the fully electric equipment and ends with the unbeatable price-performance ratio. But it would not be its style to do without quality. Instead, it prefers reduced, young interior design that is worth seeing.

The three most important details:

- Young interior design
- All-electric
- Air conditioner with heating function as standard

up to 7 sleeping places

5 layouts

under 1350 kg

CONSISTENTLY ELECTRIC

*Air conditioning and heating
in one. It's called a fully
functional holiday.*

*Cools in summer, heats
on colder days.*

*The discreet but stylish exterior foil graphics make the CaraCito
an eye-catcher. The double-glazed windows can be set up.*

CONSISTENTLY MODERN

*Classic, straight lines
wherever the eye looks.*

*The CaraCito kicks off a new wave and opens the
door to a completely new caravanning world. The
CaraCito shows that price consciousness does not
automatically mean sacrificing quality and design.
It shows how important good design is.*

*In the simple, minimalist exterior and the straight
lines which are clearly recognisable for example
on the entrance door. This door was developed ex-
clusively for the CaraCito. We have paid attention
to every detail, no matter how small.*

**WELL THOUGHT-OUT EXTERIOR DESIGN.
HERE, EVERY LINE FITS.**

*The CLASSIC body door
blends elegantly into the
overall design.*

Usage scenario „electric“ – Easy access and plenty of storage space in the front storage box.

Usage scenario „gas“ – In the gas version, the gas locker is optimised: ergonomic and space-saving.

CONSISTENTLY DIFFERENT

Intended to be all-electric, but also available as gas version.

The taillight carrier impresses with its striking WEINSBERG look and the side clearance lights enable safe and confident manoeuvring.

The AL-KO chassis ensures excellent driving dynamics and directional stability (depending on layout).

LESS CAN BE SO MUCH MORE.
ESPECIALLY IN INTERIOR DESIGN.

Reduced design? Please, gladly. Reduced comfort? Certainly not! The CaraCito is also in a class of its own when it comes to variety and choice. Its interior is oriented towards the modern living design. Simple, elegant, straightforward. Handles on the cabinets are out of place here.

CONSISTENTLY MODERN

Good to feel. Handleless ceiling cabinets and haptic surfaces.

The round seating group offers comfort, the ceiling cabinets practical storage space.

CONSISTENTLY ELECTRIC

Air conditioning and heating system can be easily controlled with the remote control.

No style without quality. The three different upholstery fabrics are of high quality and hard-wearing.

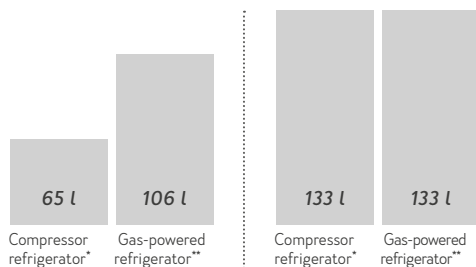

OUR RECIPE FOR COOKING: FULL CHOICE.

How does „young living“ manifest itself in the kitchen of a caravan? With the CaraCito in great flexibility, because it offers just about everything. Whether large or small cooking area, here our customers have the full choice. The glass ceramic panel also offers operating comfort that you are used to at home.

CONSISTENTLY ELECTRIC

Under the bed there is not only storage space, but also the heating/air conditioning system.

THE SMALL DETAILS MAKE THE BIG DIFFERENCE.

Anything can be big, but to make optimum use of a limited space requires experience. This is exactly what we used when designing the bathroom in the CaraCito. At the same time, the claim „consistently different“ also continues here: clear and simple design, concentrated on the essentials.

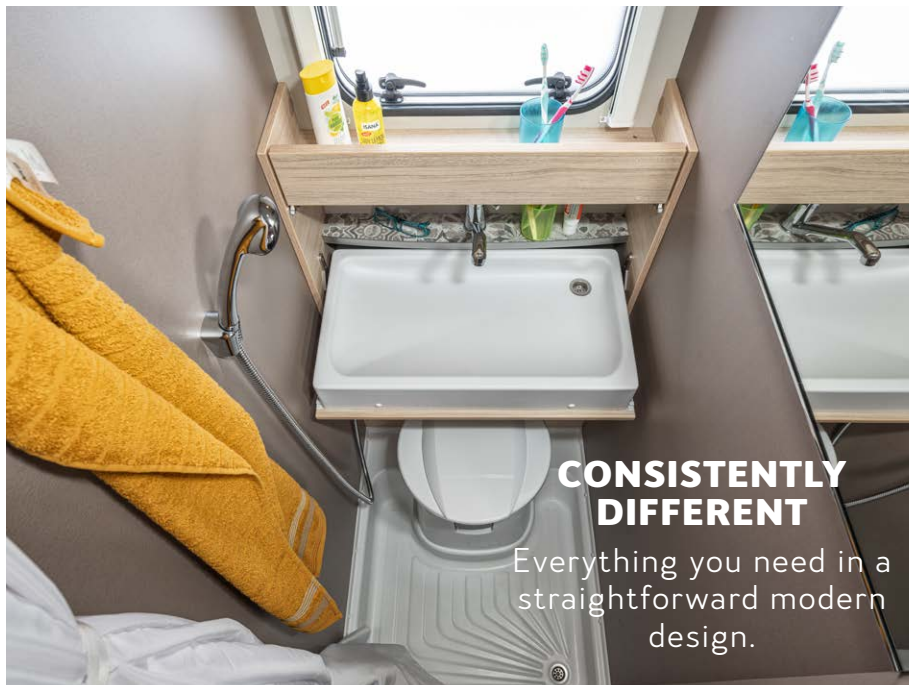

CONSISTENTLY MODERN
